02 FC:2814

Petitioner hereby disclaims the terminal part of any patent granted on the above-identified application Serial No. 10/021,607 which would extend beyond the expiration date of any patent issued from application Serial No. 10/021,532, and hereby agrees that any patent so granted on the above-identified application Serial No. 10/021,607 shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to any patent issued from application Serial No. 10/021,532, this agreement to run with any patent granted on the above-identified application Serial No. 10/021,607 and to be binding upon the grantee, its successors or assigns.

In making the above disclaimer, petitioner does not disclaim any terminal part of any patent granted on the above-identified application Serial No. 10/021,607 or any continuation application thereof prior to the expiration date of the full statutory term as presently shortened by any terminal disclaimer of application Serial No. 10/021,532 in the event that any patent issued from said application Serial No. 10/021,532 later expires for failure to pay maintenance fees, is held unenforceable or is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as shortened by any terminal disclaimer, except for the separation of legal title stated above.
